BATTERY: maintenance free realized with Lead-Tin-Calcium Alloy.

MATERIAL : box and lid in polypropylene copolymer

COLOUR : box = Black

COLOUR : lid = Black

PLATES : enveloped with polyethylene separators

WEIGHT : Dry battery, approx. Kg. 16,2

WEIGHT : Wet battery, approx. Kg. 23,5

SULPHURIC ACID DENSITY : 1,28 +/-0,01

Approx. = Lt 5,75

ALL VALUES are referred to the temperature of 25°

Remarks:

ETN code : 595.104.068 With Terminal (1)

Wet Battery
